

BACK TO BASICS WEEKLY PLANNING LABELS

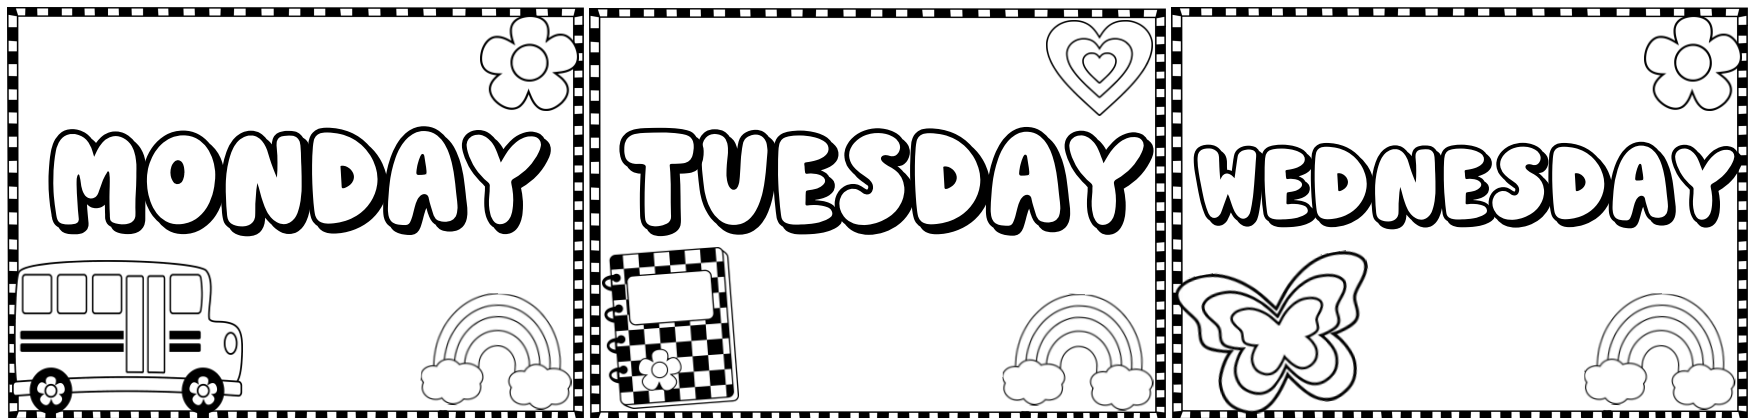

Take your classroom organization back to the days of bright colors, bold patterns, and fun school supplies! These Y2K-inspired labels bring a nostalgic touch to your weekly planning while helping you keep lessons, copies, and materials organized all year long. Print them on colorful Astrobrights® Papers for a retro look that makes planning just a little more fun.

Ideas for Use:

- Organize copies for each day of the week.
- Keep upcoming lessons in the "Next Week" drawer.
- Store monthly resources in "This Month."
- Save originals in "Master Copies."
- Place completed materials in "Ready to Go."
- Use "Need to Prep" for activities that still need copying, laminating, cutting, or assembling.

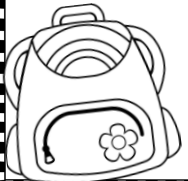

Teacher Tip:

Print each label on a different Astrobrights® Papers color to create a bright, easy-to-navigate planning system. Don't have a drawer cart? These labels also work great on clear storage bins, magazine holders, file boxes, classroom baskets, and other organizers, making it easy to create a planning system that fits your classroom.

BACK TO BASICS SUBJECTS LABELS

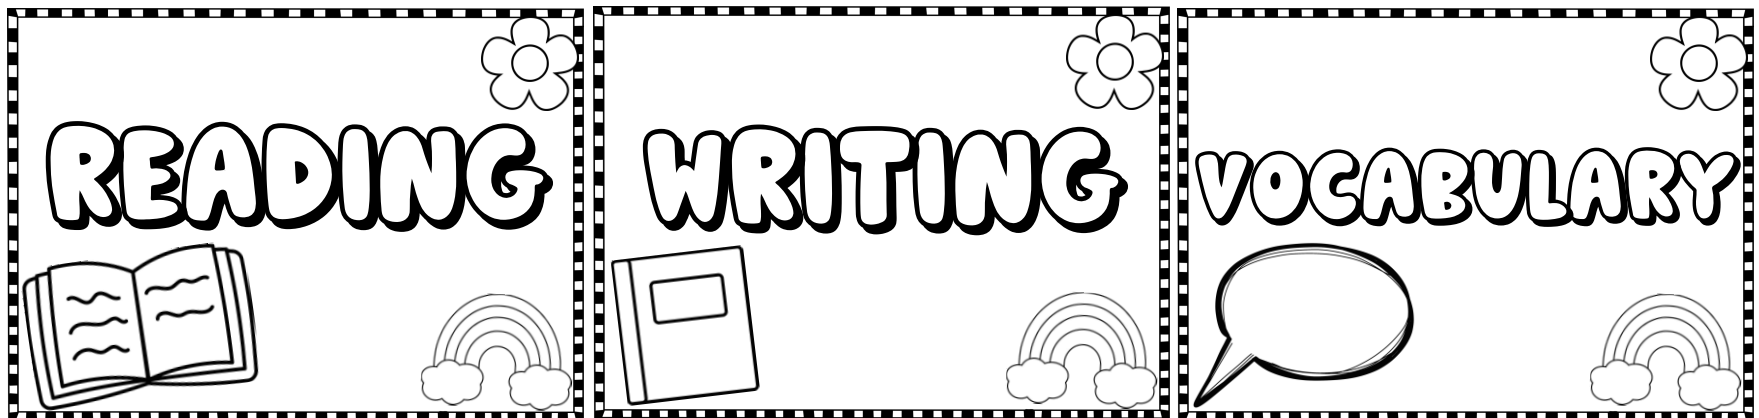

Bring a little retro fun to your classroom with these Y2K-inspired subject labels! Designed with bright colors, bold patterns, and nostalgic school vibes in mind, these labels make it easy to organize your classroom while adding a colorful touch to your learning spaces. Print them on Astrobrights® Papers to create eye-catching labels that are both practical and fun.

Ideas for Use:

- Label classroom bins, baskets, and tubs.
- Organize subject materials on shelves or in cabinets.
- Use on magazine holders for student or teacher resources.
- Label center materials or small group supplies.
- Add them to drawers, folders, or binders for quick organization.

Teacher Tip:

Print each label on a different Astrobrights® Papers color to quickly identify subjects at a glance. These labels can be used on a variety of classroom organizers, making it easy to create a colorful organization system that fits your classroom.
