

Share your own **GLOWING** review wristbands in your classroom!

First, print these bracelet templates and cut them along the dotted lines. Next, tape the top onto your bulletin board or white board and have your students take a wristband as they make great choices. You can staple or tape the bands onto their wrists and send them back home with their special acknowledgement.

You can also simply cut them apart without displaying them and have them ready to go if you'd like!

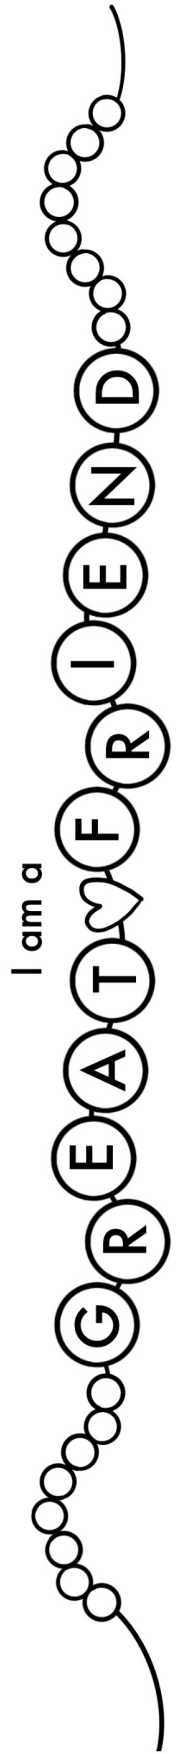

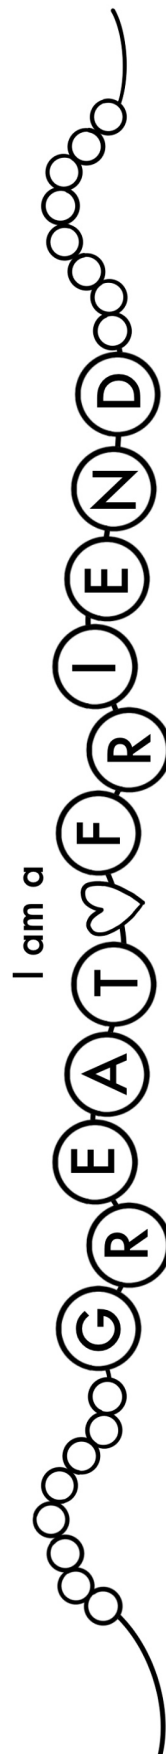

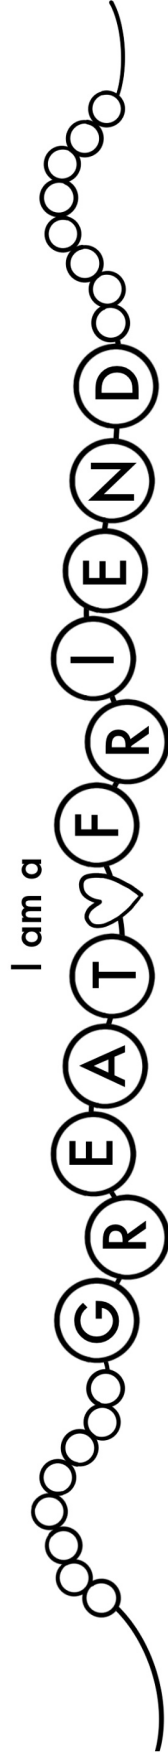

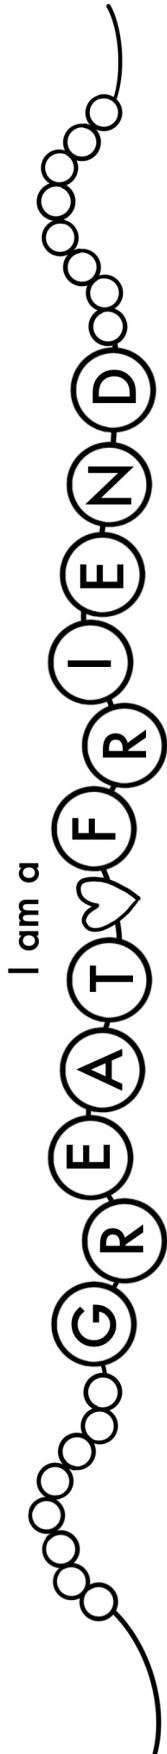

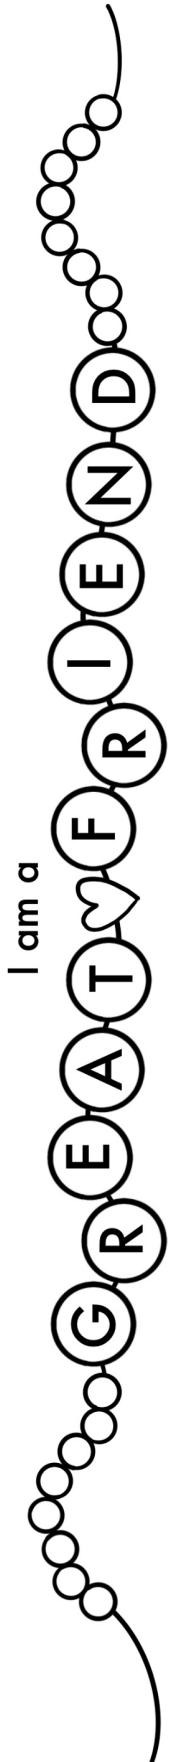

Remember, the Astrobrights® Glow Paper Pack can **GLOW** under a black light!

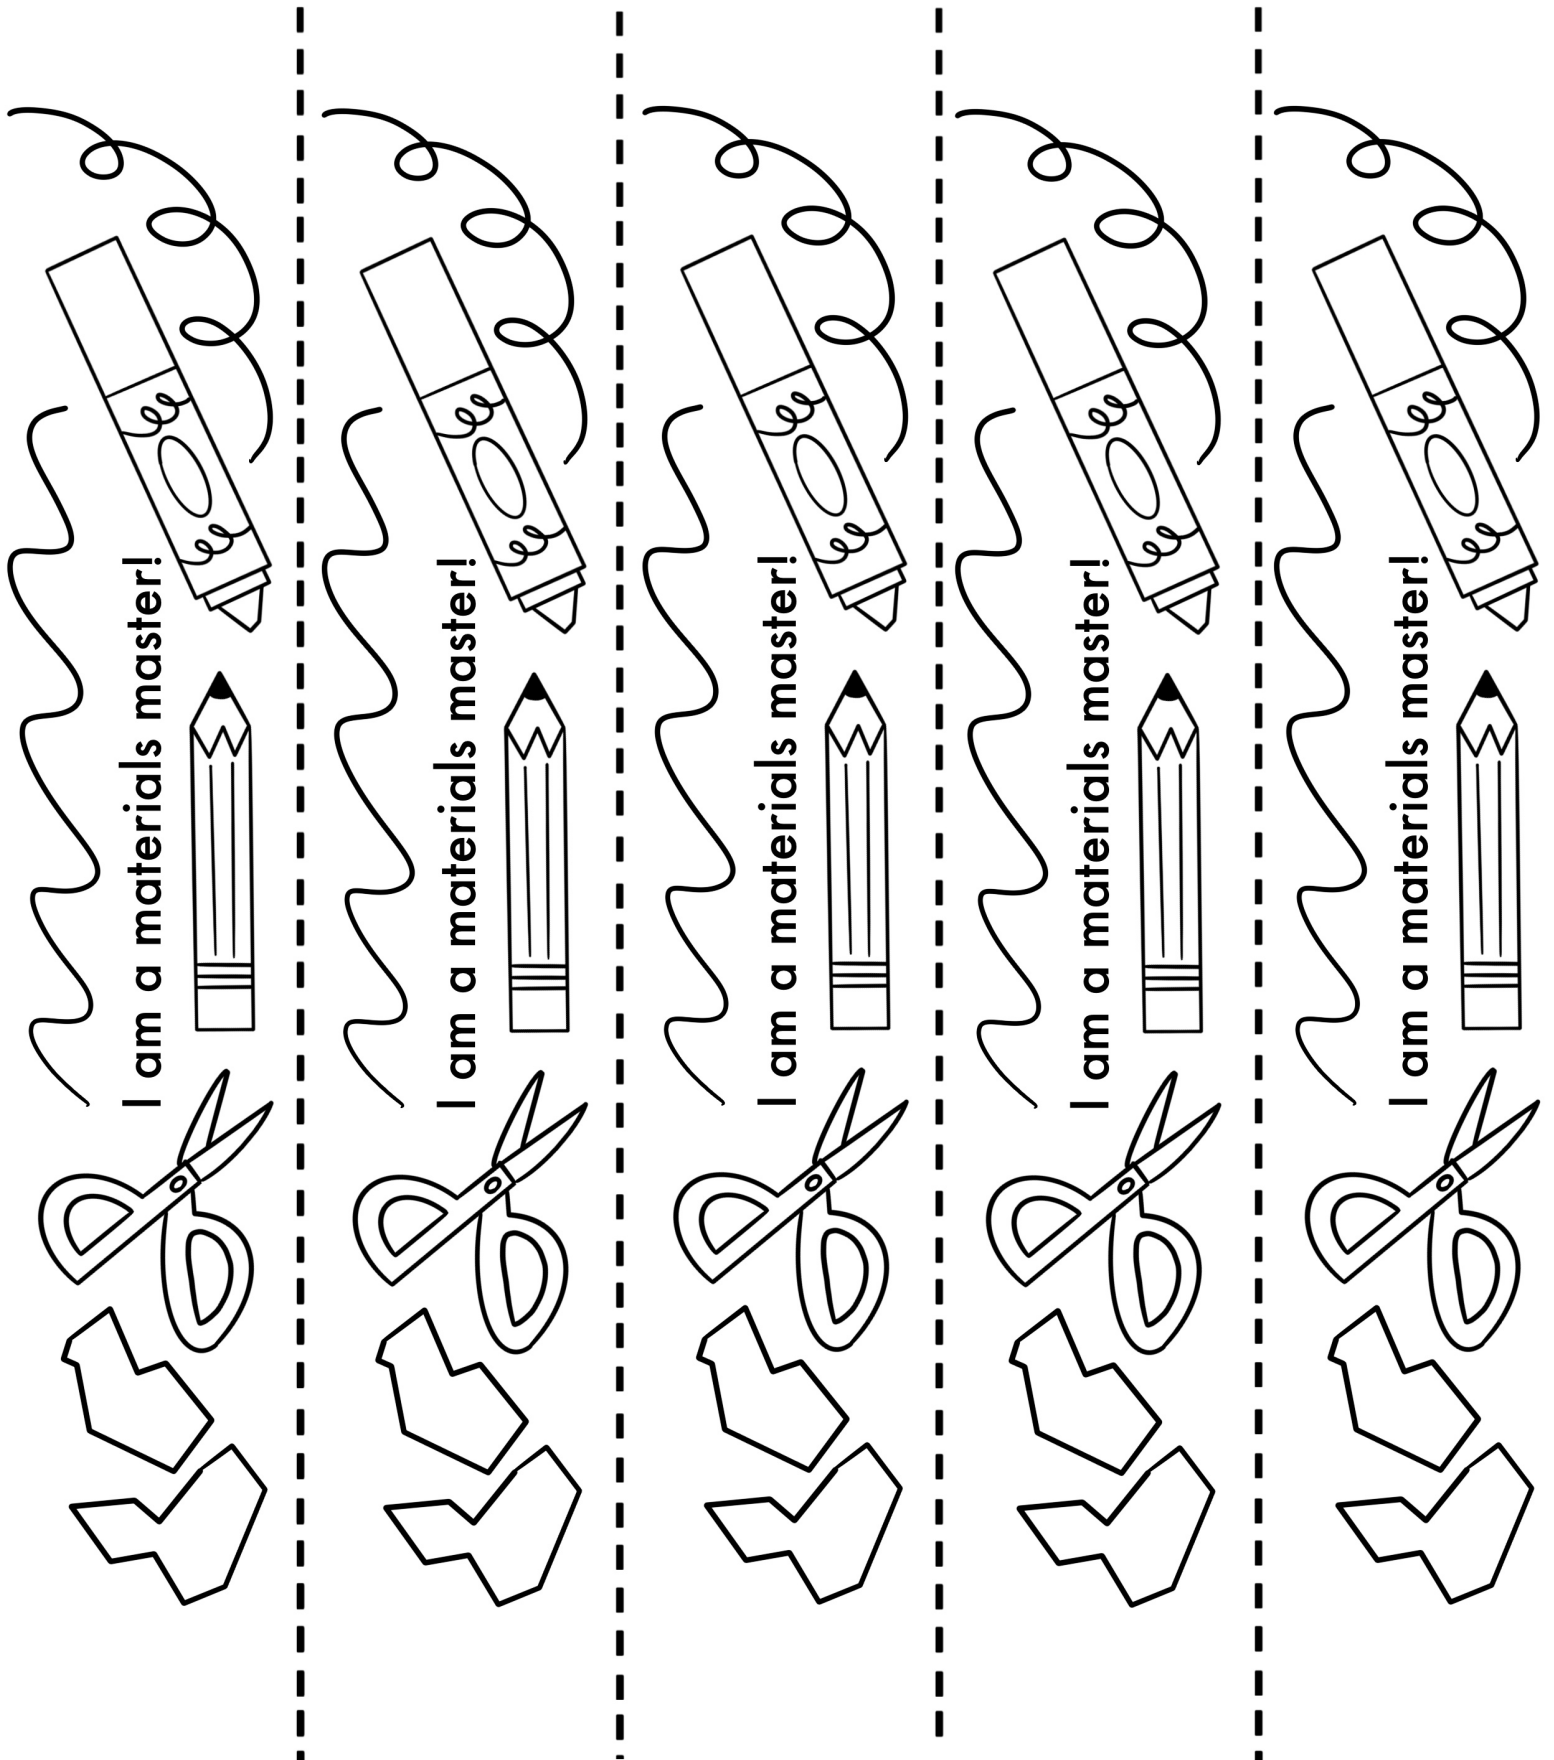

Thank you for being a friend!
