

Step 1: Gather your supplies. You'll need Astrobrights 110 lb. index white cardstock, a three ring binder, and clear plastic binder cover sheets.

Step 2: Print the cover page, inside log sheet, and Story of Me pages back to back on Astrobrights 110 lb. index white cardstock.

Picture using Astrobrights Paper

Step 3: Distribute Story of Me papers to the family at the beginning of the school year- I like to send them right home with parents at Open House so I know they make it home and can explain what to do and when they're due back.

Step 4: Insert the “Meet My Class and “Class Log” sheets in the front cover and inside slot so the book is prepared.

Step 5: As pages come back finished with pictures and drawings, place them in a clear plastic page protector for safe-keeping as this book will get a lot of love this year.

Step 6:

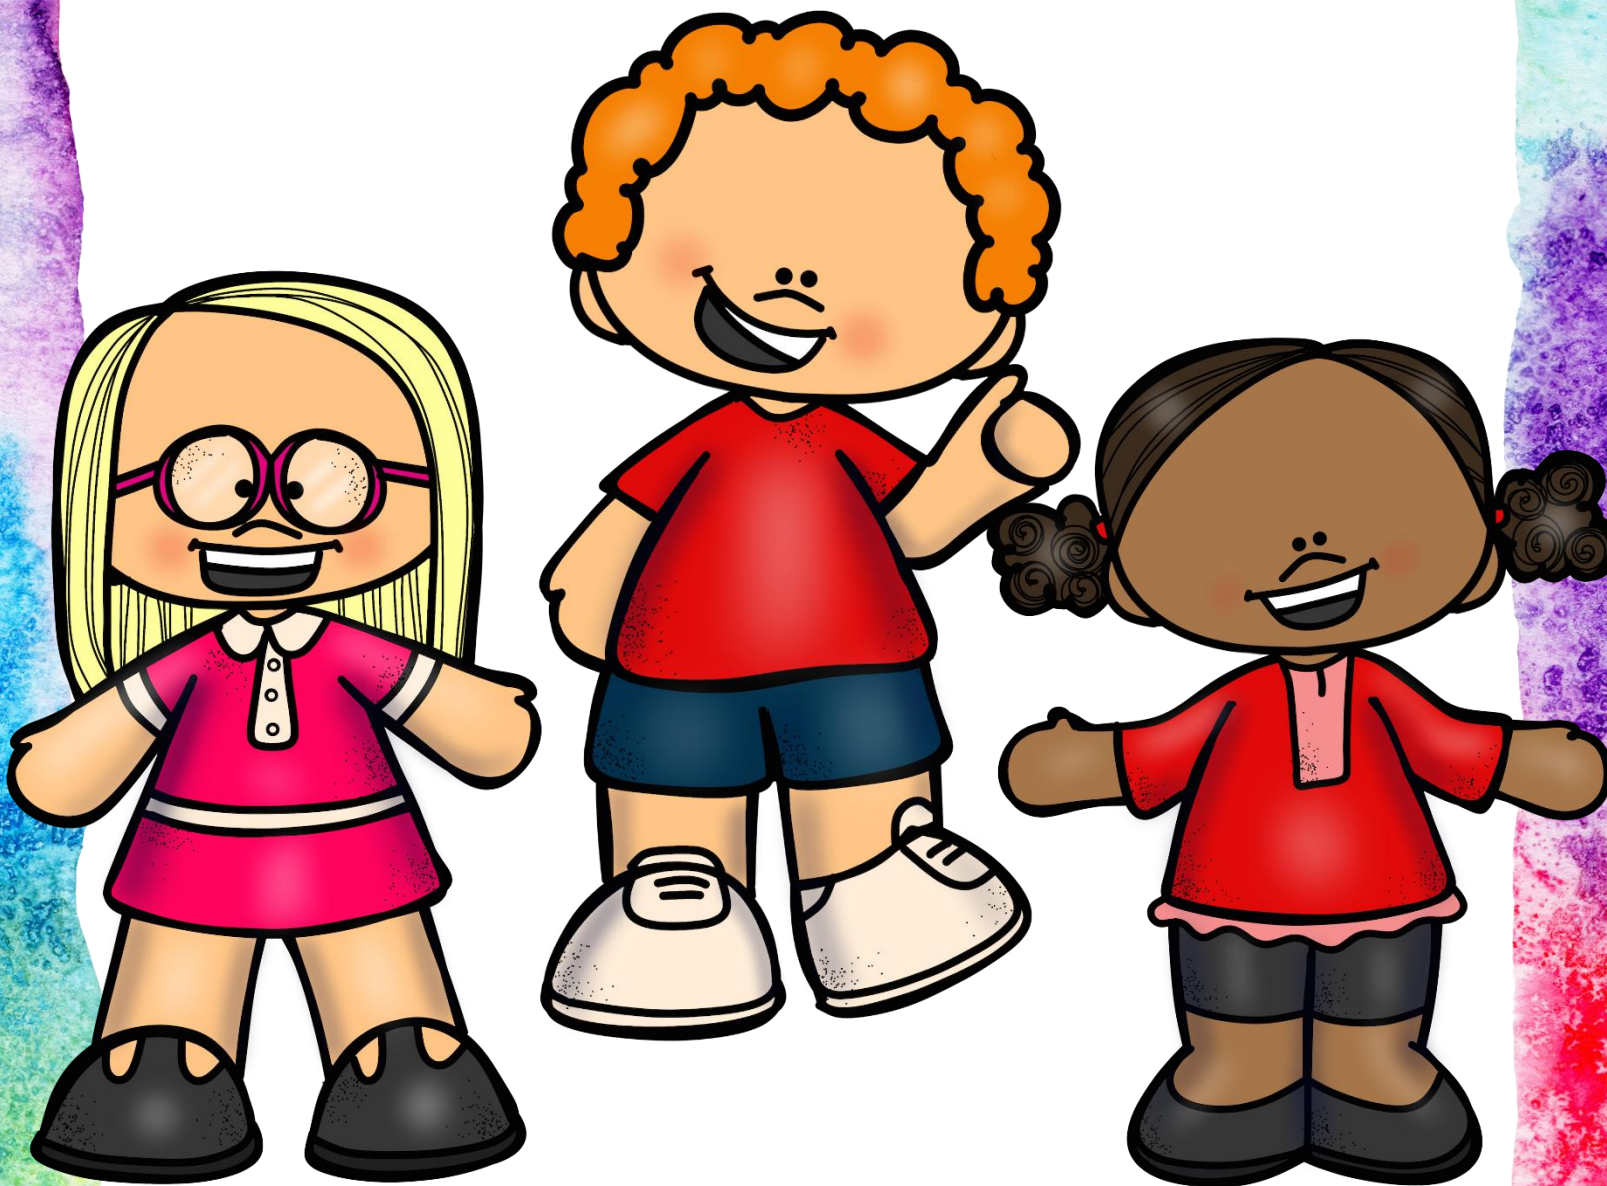

Find a sturdy bag to send home the book in, I have a canvas bag with my name on it. Pick one student's name that takes home the book for a few days. Families can get to know the students in class and bring it back for the next student to take it home. Make sure the student wrote their name on the inside cover so you know who has had a turn.

Finished product pictures:
Finished pages with page protectors, open 3 ring binder, closed 3 ring binder, class book with bag ready to take home.

MEET OUR CLASS

Insert the cover page into the front slot of a 3 ring binder. Insert the sign up page in the pocket of the inside cover.

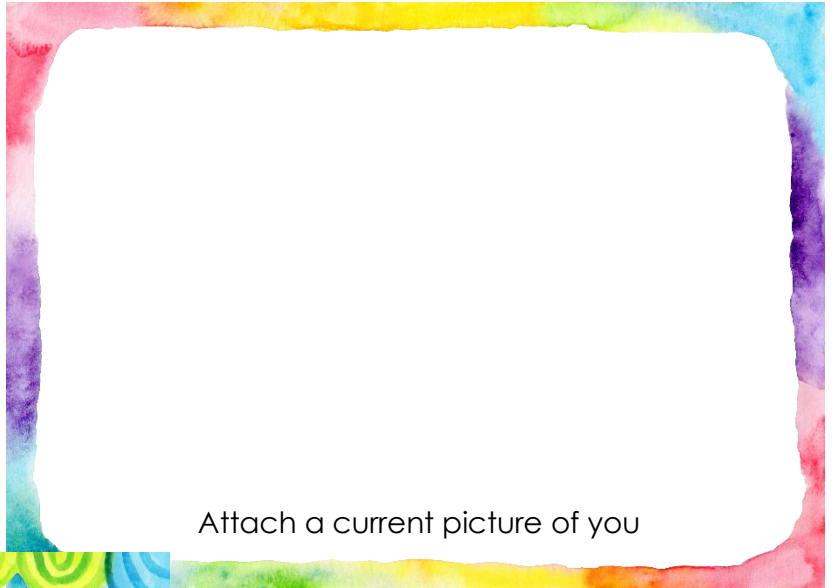

Copy the “Story of Me” page back to back and send home.

[illegible]

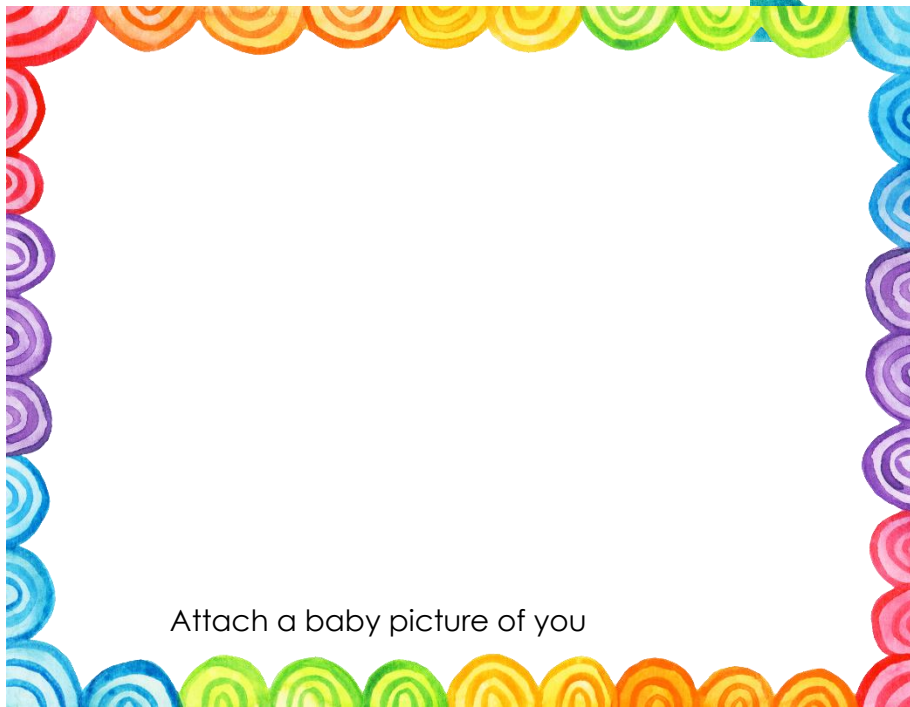

The Story of _____

My birthday

My favorite food

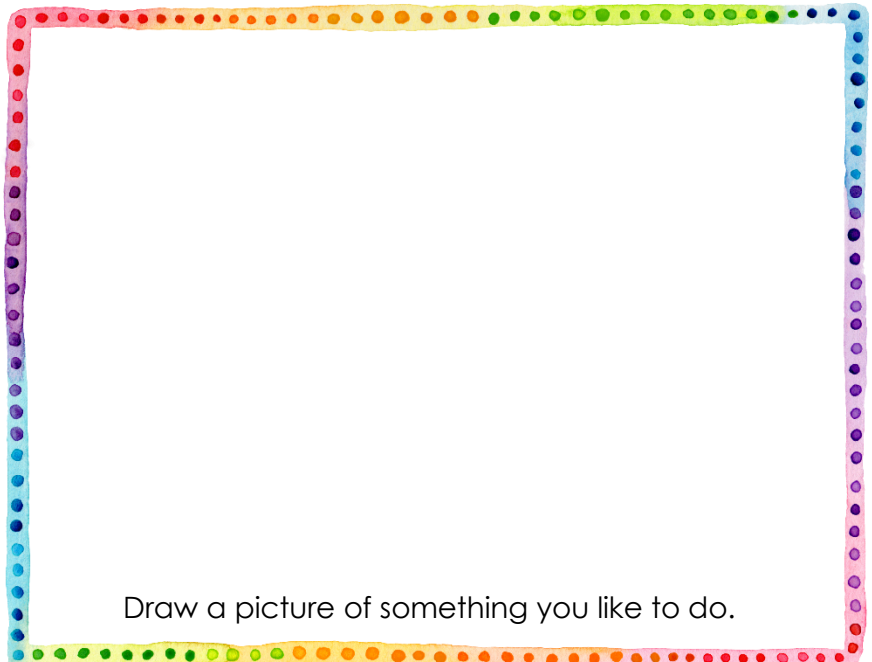

Attach a current picture of you

Attach a baby picture of you

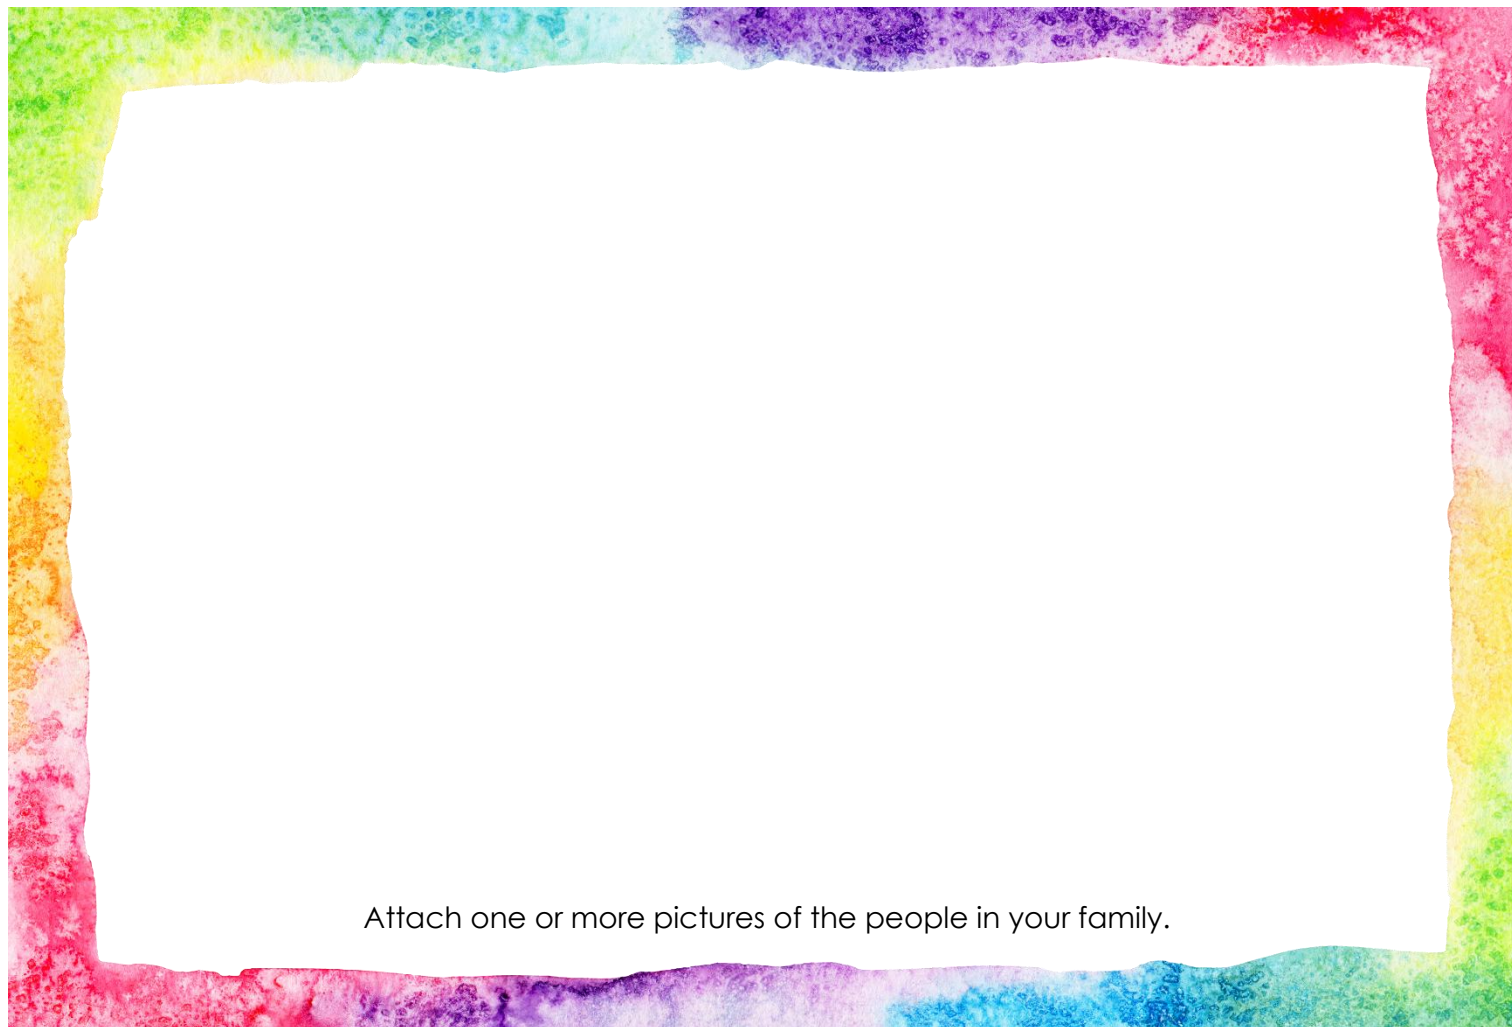

My favorite place to be

Something I'm really good at is ...

Draw a picture of something you like to do.

My family ...

Attach one or more pictures of the people in your family.
